UNIVERSAL 22" Complete Lift Kit

## Key Benefits:

1. **Save Money:** Use significantly less charcoal for the same or even greater heat output.
2. **Unmatched Control:** Achieve perfect cooking results with ease, eliminating guesswork.
3. **Eco-Friendly:** Contribute to environmental sustainability by using less charcoal.
4. **Optimal Grilling:** Position the charcoal right next to the cooking grill for ideal grilling conditions.
5. **Versatile Heat Adjustment:** Quickly change the heat location from low and slow to sizzling hot in seconds.

## Introducing the New Church Control Kamado or Kettle Lift Elevator!

Experience unparalleled improvements in BBQ cooking with our custom-designed charcoal baskets. Instantly see and feel the difference that years of innovation bring to your grilling experience.

## Why Choose Charco Control?

Our new lifts are designed for Kamado or Kettle-type BBQs, ensuring you use less charcoal than ever before while achieving more heat. The savings are obvious, and the increased control over your cooking heat makes perfection easy to attain with every
