KETTLE TYPE BBQ'S

CHARCO LIFT REVOLUTIONARY NEW HEART

Introducing the New Charco Lift Kamado or Kettle Lift Elevator!

Experience unparalleled improvements in BBQ cooking with our custom-designed charcoal baskets. Instantly see and feel the difference that years of innovation bring to your grilling experience.

Why Choose Charco Lift?

Our new lifts are designed for Kamado or Kettle-type BBQs, ensuring you use less charcoal than ever before while achieving more heat. The savings are obvious, and the increased control over your cooking heat makes perfection easy to attain with every cookout.

Key Benefits:

- » **Save Money:** Use significantly less charcoal for the same or even greater heat output.
- » **Unmatched Control:** Achieve perfect cooking results with ease, eliminating guesswork.
- » **Eco-Friendly:** Contribute to environmental sustainability by using less charcoal.
- » **Optimal Grilling:** Position the charcoal right next to the cooking grill for ideal grilling conditions.
- » **Versatile Heat Adjustment:** Quickly change the heat location from low and slow to sizzling hot in seconds.
